

FASHIONS AND FOOD, ALSO COOKS AT HERALD HOUSEHOLD EXPOSITION

The Idea is to Teach Madam How to Cook and How to Dress as Well, So That When She Serves the Dainties She Prepares in the Kitchen, She Won't Do It in Curl Papers and a Massage Cream Face.

WOMEN and men are different when it comes to eating. A woman will get up from a table and dress around with a new gown and have the best sort of a time while a man, he just sits around and grins on a chair or a cigar, according to the company he's in, and don't seem to have a cooking wheel in his soul.

That's why a cooking school isn't much if it hasn't some kind of style to take the edge off the soda-biscuits and the memory of a boiled dinner. Women know this and so does the Herald. That's why the great exhibition and show to occur at the new Rogers Furniture company building at 207, 209 and 211 North Stanton street is bound to succeed. It's going to have some genuine, top notch models.

What's a top notch model? It's a woman who has motion in her body, expression in her face and a way of making cloth look like 200 percent. She moves and there is a creasing and movement in the atoms of your purse. She glides and there is a sliding of funds in your bank. She passes by and it is as if a comet had been busy streaking the air with flowers. That's what a living model amounts to—just a bundle of color and motion and suggestion of all that's in a woman's boudoir. There are going to be a lot of stunning live models in the Herald cooking school and home economy exposition.

Living Models To Be Seen.
On Monday and Tuesday nights of the show, don't forget that the opening day is February 25, the living models and all their glad spring costumes are going to come from Everybody's store, while on Wednesday and Thursday nights, the models are to present costumes from the popular store.

The promenade of the grande dame of fashion will occur between the hours of 7:30 and 9 o'clock and there will be plenty of music to make the affair go with dash, and the scene will be the swaggiest, best looking ever seen in El Paso.

Squaw women never were popular in their region because they were so properly. Not only must womenfolk cook but they ought to know how to wear an apron with bows on it and

or later that don't get into the hair of a woman according to Beatrice Fairfax and Dorothy Dix, heart any business coming to the breakfast table with waffles in one hand and a sanded coffee pot in the other. She should wear a becoming morning gown and put the waffles and the coffee on a neat waiter. Of course if she asks a waitress when it's even easier.

Spurce Up for Meals.
It's the aim and the wish of The Herald to make the women folks spruce up for their meals to make them realize that a bit of ribbon and lace in time will save a large quantity being demonstrated somewhere else. It wants to make the women conscious of the fact that the best blouses and coffee and orange marmalade in the world don't taste like breakfast if you have to eat up a cold cream face and hair done up in curling kids.

Fashions then enter into the great and only cooking show that is to be held in El Paso during the spring of 1915—fashions that are fashions in all the late modes of hoops and ruffles and crinoline and soft flimsy stuff with roses and violets showing underneath. The living models will pass through the Rogers Furniture company building upon special stretches of carpet. Music will fill the air. Plaudits of admiration will come from the soft nuances of the waitress and the concert march. Altogether it's going to be some event.

Opens on Saturday.
Don't forget that the big show begins on February 25, which is Saturday, and lasts through until the night of March 4, when some happy man and some happy woman are going to experience a shower that would equip a whole Mexican battalion with a kitchen for six weeks to come. The exposition takes place upon the first floor of the new Rogers Furniture company building at 207, 209 and 211 North Stanton street, and is intended for the women of El Paso. Mrs. Edna J. Evans is going to be the chief lecturer and demonstrator, and she is preparing programs for the revolutionizing cooking in the average home.

A dollar saved by buying goods produced elsewhere is a dollar thrown at your neighbor's birds.

You Can Tell The People Who Have Iron in Their Blood—Strong, Healthy, Vigorous Folks

Doctor Says Ordinary Nuxated Iron Will Make Nervous Run-down People 200 Percent Stronger in Two Weeks' Time in Many Cases.

New York, N. Y.—"One chance in ten to tell which people have iron in their blood," said Doctor Sauer, a specialist of this city in a recent discourse. They are the ones that are strong and dare. The others are in the weakling class. Sleepless nights spent worrying over suppositional ailments, constant dosing with patent medicines and narcotics for nervous weakness, stomach, liver or kidney disease and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissues and therefore, nothing you eat does you any good; you don't get the strength out of it. The moment iron is supplied the multitude of dangerous symptoms disappear. I have seen dozens of nervous, run-down people who were ailing all the time, double and even triple their strength and endurance and entirely get rid of every sign of drapetis, liver and other troubles in from ten to 14 days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without any benefit.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to put color in your cheeks and round, healthy flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

NOTE—Nuxated Iron recommended above by Dr. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the stomach, makes them black, nor upset the stomach; on the contrary, it is a most potent remedy for all forms of indigestion, as well as for nervous run-down conditions. The Manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 40 who lacks iron and increase their strength 200 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Dr. C. A. E. Ryan and all other druggists.—Advertisement.

Resinol Soap

makes good complexions
Many an otherwise attractive man or woman is a social failure because of a poor complexion. If your skin is not fresh, smooth and glowing, or has suffered from an unwise use of cosmetics, let Resinol Soap help nature to clear it, in a normal, healthy way.
Men with tender faces find that Resinol Shaving Stick prevents irritation.

MEXICAN SCHOOL CHILDREN DRUNK

Teacher Says Found Boy on Juarez Bar; Carranza Regime Better.

The closing of the saloons and gambling halls in Juarez has tempted her work one-half. Mrs. F. W. Egan, visiting teacher, told the school board at the monthly meeting held at the Bailey school Monday night.

Mrs. Egan submitted an oral report on conditions and showed that as a result of the reforms that were inaugurated when the Carranza agents took hold of the administration of affairs in the community across the river, there have been fewer cases of truancy among Mexican children attending the El Paso schools.

Children Drunk.
"Before the saloons and gambling places were closed," said Mrs. Egan, "it was an uncommon thing to find money on the other side under the influence of liquor. Frequently I found the mothers here, too, have gone into saloons in Juarez and taken children out of the places. I recall one instance where I found a boy sitting on the bar with a bottle of whisky in his hand."

Children Buy Beer.
"The situation has been greatly improved since the saloons and gambling places have been closed and great credit is due those who have been responsible for the reforms inaugurated. Conditions are still bad on this side, however, for children have no trouble in some quarters in buying beer."

Stage For Parents.
Mrs. Jeanie M. Frank appeared before the board for the purpose of being given the stage for the parents to be given in the high school stadium in May be made a permanent movable stage. She stated that the temporary structure now being built will cost about \$1000, and that by adding \$100 more it could be made in such a way as to be permanent. She also called attention to the need of a large empty building in which to construct the stage. Both matters the board decided to leave to the parent committee for action.

High School Boy Short in Account.
Attention was called in a letter from J. H. Stine, supervisor of playgrounds, to the holding back of funds by some of the boys who had been entrusted with the sale of tickets to football games. He mentioned one case of a high school boy who was short in his returns. The case was referred to Prof. A. H. Hoghey, principal of the high school.

A communication from Mrs. J. E. von Rhein, chairman of the educational committee of the Humane society, suggesting the organization of a Junior Humane society in the schools and the teaching of kindness to animals, was read. The matter was referred to Supt. R. J. Tighe.

To Elect Three Trustees.
F. E. Sawyer, auditor, was authorized to make the necessary arrangements for holding an election on April 1 for the selection of three trustees R. L. Holliday, Dr. J. A. Pickett and Crawford Harvie's terms will expire then.

Action was deferred on paying a balance of \$112 due on a bill of Dave Crockett for the building of sidewalks at the Alta Vista school about two years ago, until an investigation could be made to determine why the former board had not paid the account. The Alta Vista Improvement club, it was stated, pledged \$500 to partly pay for the work and raised \$110. The remain-

CARRY AMERICAN FLAGS TO MASS

Knights of Columbus March to Cathedral; Patriotic Initiation at Lodge.

Without insignia or decoration save for a small American flag held in the hands of four members of the fourth degree, 51 Knights of Columbus marched to the cathedral of the Immaculate Conception, Tuesday morning at 9 o'clock to participate in a high mass, the first religious act involved in the administration of the patriotic degree of that Catholic order.

The celebrant of the mass was Rev. Edward E. Barry, who also made a brief talk upon patriotism after the reading of the gospel for the day. The patriotic degree is only conferred on national holidays and this being Washington's birthday anniversary it was therefore chosen.

104 Candidates.
Few persons, outside of those associated with the order, were in the cathedral when the Knights of Columbus entered and a march from the organ, loft sounded the tempo for their steps. The ceremony of conferring the fourth patriotic degree will be presided over by Robert Emmett Morrison, master of the fourth degree for the Arizona, New Mexico and West Texas district. It was stated that there would be 104 candidates in El Paso for the fourth degree and that this is the second time that the patriotic degree has been conferred in the southwest, the first instance having been at Phoenix, Ariz. in November, 1915 when 121 Knights of Columbus took that work.

Degree Work Starts.
The degree work started at 2:30 Tuesday afternoon at the Knights of Columbus hall and will continue to 4 o'clock. At 7 o'clock a dinner in honor of those taking the fourth degree will be held at the Paso del Norte, when the toastmaster for the even will be Joseph M. Nealon.

Herald Cooking School.
In connection with The Herald cooking school, shortly to be held, it was stated that the girls of the manual training department of the city schools would give an exhibition of cooking, dressmaking and millinery and the request that the cost of buying materials for the work be borne by the school board was granted.

Bills amounting to \$177.70 for January account were approved and ordered paid.

1920 in School.
The report of January attendance submitted by Supt. Tighe showed a net enrollment of 9525, or an increase of 194 over last year. The average attending was 7241, an increase over the previous year of 1278. The percentage of attendance was 94.4, a decrease of 1.9 per cent less than last year. Tardies totaled 430, or 58 more than last year.

PORT ARTHUR MAN FINDS GOOD HEALTH

Sufferer Is Restored and Makes Remarkable Gain in Weight on Few Doses.

J. E. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope. He at last took Marr's Wonderful Remedy, then wrote:
"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine. I am entirely well now."
Marr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much food whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.—Adv.
